

## **Procedures for Checking Out Materials from Lakeview's Title One Parent Library**

1. Browse materials available to parents/caregivers in the Lakeview library.
2. Select only one item that will be most helpful to your family at the present time. This will allow every family to benefit from these materials.
3. Take your selected material to the library checkout desk.
4. Checkout your item through the librarian or her assistant.
5. Please make sure to fill out the parent library log in the black notebook which is kept at the main desk in the library. Please document your name, the date, the material checked out, your child's name and their teacher's name.
6. All materials are available for checkout for two weeks. Please ensure that materials are returned in a timely manner, so that other families can appreciate and learn from these items, too.
